Productivity that goes beyond performance

Impressive print performance and quality

Count on business-class print speeds of up to 34ppm, fast first-page-out of less than 8.5 seconds, and excellent mono print quality for sharp, clear text, charts and images.

Expanded paper handling capacity

In a busy workplace, frequent refills of your printer's paper tray can be disruptive. With a 250 sheets default paper tray and 150 sheets output capacity, you can stay productive for longer stretches at a go.

Award-winning reliability and satisfaction

With over a century of Japanese excellence, Brother's commitment to quality and innovation consistently receives awards for exceptional design, reliability and customer satisfaction, making it the top pick for consumers and businesses around the world.

Connectivity made simple

Print conveniently from your mobile devices

Start printing from your iPhone, iPad, Android™ or Windows® Mobile devices through Brother's iPrint&Scan, Apple AirPrint, Mopria and Google Cloud Print.

Built-in Ethernet connectivity

Effortlessly set up and start sharing your HL-L2370DN with multiple users on your network via its built-in Ethernet interface.

Wireless printing made easy

Print or scan effortlessly from your notebook PC, smartphone, or tablet without the need for wires.

Keep your running costs low

Cost-efficient toner supplies

Enjoy greater print volumes at lower costs-per-page with high-yield 3,000-page replacement toner cartridges*.

Automatic 2-sided printing

With automatic 2-sided printing, you can easily set all print jobs to print on both side of the document unless otherwise stated, cutting down on your costs and paper waste by up to 50%.

Reduce your energy consumption

Even when your device is turned off, it still consumes energy. This ENERGY STAR® certified machine uses less energy than less-efficient models to help cut your energy costs.
